Advances in Integrated Soil Fertility Management in sub-Saharan Africa: Challenges and Opportunities

Bationo, A.; Waswa, B.; Kihara, J.; Kimetu, J. (Eds.)

2007, xiv, 1094p., Hardcover

ISBN: 978-1-4020-5759-5

Due: September 18, 2007

[About this book](#) | [Table of contents](#)

Table of contents

Preface. **Part I: Setting the scene/Introductory papers.**

A critical analysis of challenges and opportunities for soil fertility restoration in Sudano-Sahelian West Africa; E. Schlecht et al

Appropriate available technologies to replenish soil fertility in southern Africa; P.L. Mafongoya, A. Bationo

Appropriate available technologies to replenish soil fertility in eastern and central Africa; J.R. Okalebo et al

Integrated Agricultural Research for Development: contributing to the Comprehensive Africa Agricultural Development Programme (IAR4D in CAADP); R. von Kaufmann

From Thousands to Millions: Accelerating Agricultural Intensification and Economic Growth in Sub-Saharan Africa; A. Maatman et al

Soil science, population growth and food production: some historical developments; A.E. Hartemink

Development of an arable layer: A key concept for better management of infertile tropical savanna soils; E. Amézquita et al

Food Security in Africa: The Challenges of Researchers in the 21st Century; J.B. Kung'u Background, Current status and the African Context of the International Nitrogen Initiative; M. Bekunda et al

Part II: Integrated Nutrient Management (INM)

Within-Farm Soil Fertility Gradients Affect Response Of Maize To Fertilizer Application In Western Kenya; B. Vanlauwe et al

Characterisation of soil degradation under intensive rice production in Office du Niger zone of Mali; M. Bagayoko et al

Soil fertility issues in the Blue Nile Valley, Ethiopia; P.I. Våje

Overcoming phosphorus deficiency in soils of Eastern Africa: recent advances and challenges; G. Nziguheba

Relative contribution of trees and crops to soil carbon content in a parkland system in Burkina Faso using variations in natural ¹³C abundance; J. Bayala et al

Mineral fertilizers, organic amendments and crop rotation managements for soil fertility maintenance in the Guinean zone of Burkina Faso (West Africa); B.V. Bado et al

Effect of planting technique and amendment type on pearl millet yield, nutrient uptake, and water use on degraded land in Niger; D. Fatondji et al

Short-term effects of cover crops on stem borers and maize yield in the humid forest of southern Cameroon; A. Chabi-Olaye et al

Improving cereal productivity and farmers' income using a strategic application of fertilizers in West Africa; R. Tabo et al

Advances in Improving Agricultural Profitability and Overcoming Land Degradation in Savanna and Hillside Agroecosystems of Tropical America; M. Ayarza et al

Integrating legumes to improve N cycling on smallholder farms in sub-humid Zimbabwe: Resource quality, biophysical and environmental limitations; R. Chikowo et al

Meat and bone meal as nitrogen and phosphorus fertilizer to cereals and rye grass; A.S. Jeng et al

Screening Legume Green Manure for Climatic Adaptability and Farmer Acceptance in the

- Semi-Arid Agro-ecological Zone of Uganda; J.B. Tumuhairwe et al
- Nutrient flows in smallholder production systems in the humid forest zone of southern Cameroon; J. Kanmegne et al
- Management of improved fallows for soil fertility enhancement in the western highlands of Cameroon; F. Meppe et al
- Integrated Soil Fertility Management: Use of NUTMON to Quantify Nutrient Flows in Farming Systems in Central Kenya; A.N. Kathuku et al
- Optimizing Soil Fertility Gradients in the Enset (*Ensete ventricosum*) Systems of the Ethiopian Highlands: Trade-offs and Local Innovations; T. Amede, E. Taboge
- Consequences of Field Management and Soil Erosion on the Sustainability of Large Scale Coffee Farming in Kiambu; P.F. Okoth et al
- The Use of Erosion Proxies for the Spatial Assessment of Erosion in a Watershed and Modelling the Erosion Risk in a GIS; P.F. Okoth et al
- Bean Improvement for Low Soil Fertility Adaptation in Eastern and Central Africa; L. Lunze et al
- Combining *Tithonia Diversifolia* and Minjingu Phosphate Rock for Improvement of P availability and maize grain yields on a chromic acrisol In Morogoro Tanzania; S.T. Ikerra et al
- Improving food production using 'best bet' soil fertility technologies in the Central highlands of Kenya; D. Mugendi et al
- Effects of organic and mineral sources of nutrients on maize yields in three districts of central Kenya; S.K. Kimani et al
- Effect of Combining Organic Leafy Biomass and Inorganic fertilizer on Tomato Yields and nematodes control in Arenosols in Kinshasa Area; M-M. Mafuka et al
- Nutrient dynamics on smallholder farms in Teghane, Northern Highlands of Ethiopia; A. Abegaz et al
- Nitrogen-15 recovery in cropped soil cores fertilized with potassium nitrate and clover residues; A.W. Muriuki et al
- Evaluation of nitrogen fixation using ^{15}N dilution methods and economy of a maize-tepyary bean intercrop farming system in semi-arid SE-Kenya; C.A. Shisanya, N.M. Gitonga
- Evaluation of cowpea genotypes for variations in their contribution of N and P to subsequent maize crop in three agro-ecological zones of West Africa; R.C. Abaidoo et al
- Variability of cowpea breeding lines to low phosphorus tolerance and response to external application of Phosphorus; A.K. Saidou et al
- The potential benefits of *Azolla*, Velvet bean (*Mucuna pruriens* var. *utilis*) and N fertilizers in rice production under contrasting systems in eastern Uganda; C.K. Kaizzi et al
- Tied-ridging and integrated nutrient management options for sustainable crop production in semi-arid eastern Kenya; J.M. Miriti
- Economic evaluation of local inputs in Meru South District, Kenya; M. Mucheru-Muna et al
- Effect of Rock Phosphate, Lime and Green Manure on Growth and Yield of Maize in a Non Productive Niche of a Rhodic Ferralsol in Farmer's Fields; I.M. Tabu et al
- Changes in Soil Organic Matter as Influenced by Organic Residue Management Regimes in Selected Experiments in Kenya; B.S. Waswa et al
- Effects of manure application on crop yield and soil chemical properties in a long-term field trial in semi-arid Kenya; F.M. Kihanda et al
- Nutrient Recovery from Solid Waste and Linkage to Urban and Peri- Urban Agriculture in Nairobi, Kenya; M. Njenga et al
- Optimising crop productivity in Legume-Cereal Rotations Through Nitrogen And Phosphorus Management In Western Kenya; J. Kihara et al
- Evaluation of the Potential of Using Nitrogen Fixing Legumes in Smallholder Farms of Meru South District, Kenya; J. Mugwe et al
- Improved cassava varieties increase the risk of soil nutrient mining: an ex-ante analysis for western Kenya and Uganda; A.M. Fermont et al
- Partial balance of nitrogen in a maize cropping system in humic nitisol of Central Kenya; J.M. Kimetu et al
- Integrated Soil Fertility Management Technologies: A Counteract to Existing Milestone in Obtaining Achievable Economical Crop Yields in Cultivated Lands of Poor Smallholder Farmers in Malawi; M.W. Munthali
- Fertilizer nitrogen recovery as affected by soil organic matter status in two sites in Kenya; M.W. Karunditu et al
- Performance evaluation of various agroforestry species used in short duration improved fallows to enhance soil fertility and sorghum yields in Mali; B. Kaya et al
- Nutrient Balances For Different Farm Types In Southern Mali; S. Kanté et al
- Increasing the Productivity and Sustainability of Millet Based Cropping Systems in the Sahelian Zones of West Africa; S. Traoré et al
- Comparative short-term effects of different quality organic resources on maize productivity under two different environments in Zimbabwe; F. Mtambanengwe
- Improving soil fertility through the use of organic and inorganic plant nutrient and crop rotation in Niger; A. Adamou et al
- Biological system for improving the availability of Tilemsi phosphate rock for wheat (*Triticum aestivum* L) cultivated in Mali; A.H. Babana, H. Antoun
- Managing manure heaps with agro-organic wastes and cover to reduce nitrogen losses during storage on smallholder farms; E.M. Gichangi et al
- Soil characteristics and the performance of sorghum (*Sorghum bicolor* (L) Moench) on tin mine spoils of the Jos Plateau, Nigeria; A.A. Yusuf et al
- The development of a prototype land information system for the northern Guinea savanna of Nigeria as a basis for agro-technology transfer; F.O. Tabi et al
- What role can planted fallows play in the humid and sub-humid zone of West and Central Africa?; S. Hauser et al

- Balanced Nutrient Management System Technologies In The Northern Guinea Savanna Of Nigeria: Validation And Perspective; G.O. Kolawole et al
- Soil Erosion and Soil Inorganic-N Depletion as Influenced by Live hedges in Arable Steep-lands of the Central Highlands of Kenya; K. Mutege et al
- Relationships between rhizobial diversity and host legume nodulation and nitrogen fixation in tropical ecosystems; B. Abdullahi, K.E. Giller
- Limestone, Minjingu Phosphate Rock and Green Manure Application on Improvement of Acid Soils in Rwanda; N.L. Nabahungu et al
- Evaluating performance and yield stability of some groundnut (*Arachis hypogaea* L.) varieties under irrigation in three agroecological zones of the Senegal River Valley; M. Cisse, S. Diallo
- Assessment of the Contribution of Tied Ridges and Farmyard Manure Application to Sorghum Production in Semi-Arid Areas of Tanzania; A.K. Kabanza, F.B.R. Rwehumbiza
- Evaluation of *Gliricidia sepium*, *Casuarina junghuhniana* and *Faidherbia albida* tree species for Improvement of crop production and Fuelwood Supply in Muheza Districts, Tanzania; J.L. Meliyo et al
- Mineral N distribution in the soil profile of a maize field amended with cattle manure and mineral N under humid sub-tropical conditions; J. Nyamangara
- Intensity cultivation induced-effects on Soil Organic Carbon Dynamic In the western cotton area of Burkina Faso; B. Ouattara et al
- Assessment of improved soil fertility and water harvesting technologies through community based on-farm trials in the ASALs of Kenya; E.M. Gichangi et al
- Profitability Of Agro-Forestry Based Soil Fertility Management Technologies: The Case Of Small Holder Food Production In Western Kenya; J.M. Maitiyya et al
- Integrated Natural Resources Management a strategy for Food Security and Poverty Alleviation in Kwalei Village, Lushoto District, Tanzania; J.L. Meliyo et al
- Effects of total inorganic nitrogen and phosphorus availability on Maize Yields in the First post *Tephrosia vogelii* fallow; C.Z. Mkangwa et al
- Environmental hazards in African agriculture: factors influencing application of agrochemicals in Nakuru district, Kenya; J.K. Lagat et al
- Assessment of Indigenous Soil and Water Conservation Technology for Smallholder Farms in Semi-arid Areas in Africa and Close Spaced Trash Lines Effect on Erosion and Crop Yield; I.I.C. Wakindiki et al
- Part III: Below Ground Biodiversity**
- Prosopis africana* (Guill., Perrot et Rich.) Taub and *Entada africana* (Guill. et Perrot.) leaf litter decomposition and impact of biomass transfer on millet (*Pennisetum glaucum* (L.) R. Br.) growth and development on station in Niger; M. Larwanou et al
- Soil Microbial Biomass Carbon and Nitrogen as Influenced by Organic and Inorganic Inputs at Kabete, Kenya; M.W. Baaru et al
- Evaluating effect of mixtures of organic resources on nutrient release patterns and uptake by maize; F.O. Ayuke et al
- Mycorrhizal associations as indicators of forest quality after land use practices; N.A. Onguene
- Biomass production, N and P uptake of Mucuna after Bradyrhizobia and Arbuscular mycorrhizal fungi inoculation, and P-application on acid soil of Southern Cameroon; M. Jemo et al
- Evaluating the effect of *Bacillus* and *Rhizobium* bi-inoculant on nodulation and nematode control in *Phaseolus vulgaris* L.; N.K. Karanja et al
- Part IV: Participatory Approaches and Scaling up/out**
- Integrated Soil Fertility Management Technologies: review for scaling up; M. Misiko, J. Ramisch
- Costs and Returns of Soil Fertility Management Options in Western Kenya; P.L. Woomer
- Modeling Farmers' Decisions On Integrated Soil Nutrient Management In Sub-Saharan Africa: A Multinomial Logit Analysis In Cameroon; G.B. Nkamleu
- Opportunities for and constraints to adoption of improved fallows: ICRAF's experience in the humid tropics of Cameroon; A. Degrande et al
- The Effect of Socio-Economic Factors On a Farmer's Decision to Adopt Farm Soil Conservation Measures. An Application of Multivariate Logistic Analysis in Butere/Mumias District, Kenya; V.E. Anjichi, L.W. Mauyo
- Farmer's perception of planted calliandra tree fallows for shortening fallow cycles in southern Cameroon; C. Nolte et al
- Policies, Institutions and Market Development to Accelerate Technological Change in the Semiarid Zones of Sub-Saharan Africa; M. Winslow et al
- Factors Influencing Choice and Adoption of Integrated Soil Fertility Management Technologies in Central Kenya Highlands; B.M. Mureithi et al
- Social capital on adoption of soil fertility management technologies in Tororo district, Uganda; A. Lule et al
- Adoption of Leguminous Trees/Shrubs, Compost and Farmyard Manure (FYM) As Alternatives to Improving Soil Fertility in Trans Nzoia District-Kenya; A.O. Nekesa et al
- Participatory Diagnosis in the Eastern Drylands of Kenya: Are Farmers aware of Their Soil Fertility Status?; J.M. Kimiti et al
- On-Farm Evaluation and Scaling-up of Soil Fertility Management Technologies in Western Kenya; M. Odendo et al
- The Resources-to-Consumption System: A Framework for Linking Soil Fertility Management Innovations to Market Opportunities; P.C. Sanginga et al
- Scaling up Options on Integrated Soil Fertility management in Western Kenya: The Case of COSOFAP: Challenges and Opportunities; Q. Noordin et al
- Socio-Economics of Soil Conservation in Kericho District, Kenya; M.J. Kipsat
- Market Integration and Conduct Analysis: An Application to Cattle Markets in Uasin Gishu District, Kenya; A.K. Serem et al

Factors determining integrated soil fertility management in central Kenya highlands:

Participatory Learning and Action (PLAR) model analysis; M.M. Odera et al

Spatial Pricing Efficiency and Regional Market Integration of Cross-Border Bean (*Phaseolus Vulgaris* L.) Marketing in East Africa: The Case of Western Kenya and Eastern Uganda;

L.W. Mauyo et al

Assessment of farmers' perceptions of soil quality indicators within smallholder farms in the central highlands of Kenya; F.S. Mairura

Initiating Rural Farmers to Participatory Research: Case of Soil Fertilization in Bushumba, East of DR.Congo; P.N. Mumbeya, N. Mulangwa

Farmers' participation in soil fertility management research process: Dilemma in rehabilitating degraded hilltops in Kabale, Uganda; R.N. Muzira et al

Integrated Soil Fertility Management and Poverty Traps in Western Kenya; J.K. Ndufa et al
